## Split Negative Tutorial April-May 2003 Newsletter

### Supplies

2 pieces of Contrasting Cardstock  
2 colors embossing powder  
(matching cardstock)  
Embossing Ink

Heat tool  
Background cardstock  
for layering

### Steps One Through Four

Cut the two colors of cardstock into two matching pieces.

Place your pieces side by side (do not attach)

Ink stamp with Embossing Ink.

Stamp image in dead center of the cardstock you have just placed together.

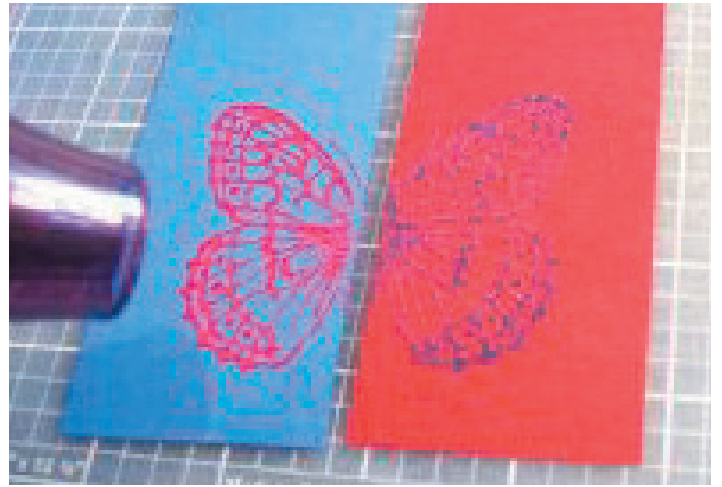

### Step Five

Cover first piece of cardstock with contrasting embossing powder.

### Step Six

Cover second piece of cardstock with contrasting embossing powder.

### Step Seven

Heat emboss

### Variation for 4 pieces

1. Cut your cardstock into four equal pieces.
2. Place your cardstock in a checkerboard pattern before stamping.
